**DATE:** July 2, 2020

**SUBJECT:** Medicaid/NC Health Choice Recertification Procedures Due to COVID-19 Public Health Emergency

**DISTRIBUTION:** County Directors of Social Services  
Medicaid Supervisors  
Medicaid Eligibility Staff

## **I. BACKGROUND**

On March 13, 2020, The President issued a proclamation declaring a national emergency concerning the Coronavirus Disease outbreak (COVID-19).

The purpose of this letter is to provide instructions on completing recertifications and changes in circumstances for Medicaid and NC Health Choice during the COVID 19 emergency. This letter incorporates the instructions attached to listserv message sent on May 6, 2020, as well as further clarifications and guidance from the Centers for Medicare & Medicaid Services (CMS).

In addition, the North Carolina General Assembly ratified Senate Bill 808 (S808). At this time, counties should begin working recertifications for cases with certification periods ending August 31, 2020 (which are those noted in the legislation as due September 1, 2020) to meet the requirement. We understand this means counties are working cases in the 11<sup>th</sup> month. Cases not completed by August 31, 2020 will be extended. Counties are strongly encouraged to work towards being able to review cases no earlier than the 10<sup>th</sup> month within the next few months.

Due to the federal requirement to continue coverage during the emergency period, recertifications that are not completed by the local agency will be extended automatically in NC FAST.

DHB would like to thank the following directors for their collaboration and input as

we work to implement the recertification requirement and further provisions of S808:

Kim Harrell, Yadkin County  
Melanie Corprew, Beaufort County  
Chuck Lycett, Dare County  
Will Wakefield, Caldwell County  
Patricia Baker, Davidson County  
Angela Karchmer, Gaston County  
Catherine Lytch, Brunswick County  
Heather Skeens, Guilford County  
Sharnese Ransome, Executive Director, NCACDSS

## **II. CERTIFICATION PERIOD EXTENSIONS**

Each month, NC FAST will extend cases due to the emergency. There are 3 kinds of extensions that occur to ensure beneficiaries do not lose coverage, except as allowed by CMS guidance.

### **A. COVID Extensions**

1. Beginning the end of April, NC FAST is extending cases for a new 6/12-month certification period if recertification is not completed by the local agency. The COVID extensions will normally occur the second to last weekend of the month.
2. For any cases that have previously been extended due to the Hawkins Court Order, the extension months will be included when completing the COVID extensions and assigning a new certification period.

### **B. Hawkins Extensions**

1. The Hawkins extensions will continue to pick up cases that may not be included in the COVID extensions or are not yet programmed for those extensions.
2. The Hawkins extensions occur on the next to last work night of the month.
3. Hawkins extensions are for one month at a time.

### **C. End of Month Data Fix**

1. On the last work night of each month, NC FAST will run a data fix to ensure that no terminations or reduction in benefits, other than those allowed, are processed.
2. These extensions are for one month at a time.

## **III. Recertification/Change in Circumstance Policy**

As required in Senate Bill 808 (S808), counties should begin working cases with certification periods ending August 31, 2020 (due September 1 and later) and then each subsequent month.

The following policy provides instruction on how to complete recertifications or react to change in circumstance during the COVID 19 public emergency.

Policy previously provided in DHB Administrative Letter 01-20 and Addendum 1 is updated and revised due to guidance from the Centers for Medicare & Medicaid Services (CMS) and system updates.

Recertifications not completed by caseworkers will be extended automatically by NC FAST.

- A.** During the COVID-19 Public Emergency, caseworkers must not terminate or reduce Medicaid eligibility except for the following reasons, or as otherwise noted below in B. and C:
  - 1. The beneficiary moves out of state,
  - 2. The beneficiary voluntarily requests termination of Medicaid/NC Health Choice benefits,
  - 3. Death of the beneficiary.
- B.** Reduction in benefits includes actions/transfers that require **timely notice**, including but not limited to:
  - 1. Authorized Medicaid going to deductible status,
  - 2. Increasing PML for LTC beneficiary,
  - 3. Medicaid beneficiary moving to NC Health Choice.
- C.** In the following situations, certain coverage may end, but Medicaid benefits must continue:
  - 1. LTC beneficiary moves out of facility to private living arrangement,
  - 2. CAP beneficiary is no longer eligible for CAP services,
  - 3. PACE beneficiary is disenrolled from PACE.

See Forced Eligibility Chart in IV. F, if ineligible or beneficiary would have deductible.
- D.** The following applies when a beneficiary has been receiving Medicaid/NC Health Choice during a reasonable opportunity period (ROP), or is a pregnant woman or child under age 19 who is lawfully residing:
  - 1. If during or after the ROP expires, it is discovered the beneficiary has an

immigration status that only allows coverage of emergency services, terminate the case with timely notice. The individual is eligible only for emergency services and must apply for any new emergency.

2. When a pregnant woman who is receiving Medicaid with lawfully residing status but is otherwise eligible only for emergency services after the birth of the child, terminate the Medicaid at the end of the post-partum period with timely notice. The individual is eligible only for emergency services and must apply for any new emergency. If the woman becomes pregnant again, she may receive MPW as lawfully residing.
3. When a child who is lawfully residing turns age 19, and is otherwise eligible only for emergency coverage, terminate the Medicaid/NC Health Choice case with timely notice. The individual is eligible only for emergency services and must apply for a new emergency.

- E.** The following applies when a child on NC Health Choice turns age 19:
1. If caseworker completes recertification and child is eligible for full Medicaid, transfer to the appropriate Medicaid program.
  2. If caseworker completes recertification and child is not eligible for any Medicaid program, or eligible only for FPP, continue NC Health Choice eligibility per instructions in IV.D.
  3. If the county does not complete the recertification, NC FAST extends NC Health Choice eligibility for the child.
