I. GENERAL INFORMATION

Share the Warmth, the North Carolina Natural Gas (NCNG) energy assistance program, provides funds to help its low-income customers pay heating costs during the winter months. The program was implemented in 32 counties in eastern North Carolina in late 2004. Effective immediately, the following additional counties will receive monies from NCNG's Share the Warmth energy assistance program: **Alamance, Burke, Caldwell, Catawba, Davidson, Forsyth, Guilford, Lincoln, Mitchell, Randolph, Rockingham, and Rowan.**

II. POLICY PROCEDURES

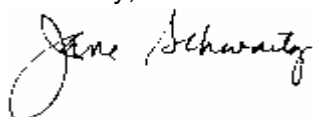

Refer to Section 921 of the Energy Manual, North Carolina Natural Gas (NCNG) Company's Share the Warmth, concerning policy and procedures for taking, processing, and determining eligibility when NCNG customers apply for crisis assistance. Funding Authorizations for these funds will be available to each county on the DSS Budget Office website when allocations are received from NCNG.

III. IMPLEMENTATION INSTRUCTIONS

Monies received through Share the Warmth energy assistance may be used much the same as funds received through the Crisis Intervention Program (CIP). Benefits received from Share the Warmth cannot exceed \$100 per application and \$200 per calendar year. If an applicant meets the criteria, use Share the Warmth funds before authorizing CIP until funds are exhausted or until the end of the heating season. Any unused funds will be carried forward to the next state fiscal year.
