360.01 NOTIFICATION

The Food Stamp Information System (FSIS) automatically produces the Notice of Action Taken, DSS-8592. The DSS-8592 informs the household of the application approval, the amount of benefits, and the certification period or the denial of the application. It is mailed to the FSU the first workday following the date the DSS-8590 is keyed into FSIS.

If benefits are issued via a DSS-8593, a manual notice must be sent.
